RESPONSE

Dear Sir:

This response is being filed in reply to the official action mailed October 3, 2000. In that action, the Examiner required an election of species under 35 U.S.C. § 121 between the following alleged patentably distinct species of the invention:

1. Species I Figure 1: Claim 61 П. Species II Figure 2; Claims 46, 61 III. Species III Figure 3: Claims 40, 61 IV. Species IV Figure 4; Claims 42, 43 V. Species V Figure 6; Claim 40 VI. Species VI Figure 7; VII. Species VII Figs. 8A-8E; Claims 40, 41, 61-63 VIII. Species VIII Figs. 9A-9C; and Claims 40, 43, 50-58 IX. Species IX Figure 10. Claims 40, 61

Reconsideration of this requirement for election of species is respectfully requested in view of the following remarks.

The Applicant believes that the present invention contains various embodiments of a single inventive concept. All nine species contain the features presently recited in claims 38, 39, 45, 47, 59 and 60 which claims are currently generic to all nine species of the invention. Moreover, the Applicant believes that claims 38, 39, 45, 47, 59 and 60 are allowable and consequently all species of the invention should be prosecuted in one and the same application for efficiency reasons. It is respectfully submitted that all nine species of the invention represent similar ways of obtaining the same desired results disclosed within this application.

Notwithstanding the above, in order to fulfill the Examiner's request, the Applicant provisionally elects, with traverse, to prosecute the species of the claimed invention shown in

09/171,583

Figure 8A-8E of the drawings. The Applicant also provisionally elects, with traverse, claims 38, 39, 40, 41, 45, 47, 59, 60-63 which are readable on the elected species to be prosecuted on the merits.

The Applicant does not waive any rights with respect to the non-elected species and does not intend to abandon that subject matter. If the Examiner makes the election requirement final, the Applicant respectfully requests that the non-elected species be withdrawn from further consideration but remain in this application subject to reinstatement, in the event that one or more generic claims is/are allowed, or for possible filing of a divisional application(s).

In view of the foregoing, it is respectfully submitted that the outstanding election of species requirement should be withdrawn and examination of all claims pending in this application, on the merits, is respectfully requested at the present time.

In the event that there are any fee deficiencies or additional fees are payable, please charge the same or credit any overpayment to our Deposit Account (Account No. 04-0213).

Respectfully submitted,
